1.2.65
a Lesson in the University of The New Covenant
Theodore Cottingham, May 13, 2004
www.unc.bz

1. Ted, I love you and I thank you for what you are doing—I thank you for letting Me do it. I thank you for letting Me be Me, and come and speak and direct and connect and even set the schedule. I will speak and I will direct, I will connect, and I will set the schedule, and I will be fully to you what you let Me be, for you desire to let Me be My all and hinder Me none, hinder Me not, and let Me be unrestrained.

Do you know, Ted, how often I get to be Me, unrestrained in My people? Do you know how I have been hindered? Do you know how I have had boundaries set all around Me: when I can speak, what I can do, what I can say, what is acceptable, what is not, what is culturally sensitive?

Well Ted, I want to come and I want to be Me. I want to share Me and My words. I want to share My voice and give My voice to the voices who will give Me their voice. I will voice My voice. I will give My words, I will give My words, I will give My heart, My heart Ted, My heart, I will give My heart. I gave My heart, I have given My heart, I have given Myself to all who will embrace Me.

2. Now who will let Me speak?. Who will let Me speak among you? Who will let Me speak? Who will look into My eye? Who will rub my whiskers like you rubbed your dad's? Who will look into My eyes? Who will embrace Me? Who will sit at My feet and give Me time to speak?

Why am I rushed so, crammed into small quarters, segmented and separated and told basically to behave? I am dictated to by so many so often, so completely, and that's why you don't see Me in their lives, you don't see Me burgeoning forth, flourishing them, watering them, and rivers coming out of them.

You don't see them watering gardens and groves, trees, plantations, organizations, countries, when they could be, I could be. I could be doing it through them if they would simply let Me flow.

They could be, so many could be so big in My kingdom, so important if they would serve, serve, serve Me, serve their people, serve freedom rather than control.

3. I love you. I love you. I love to tell you I love you. I love to come and embrace you. I love to make My presence felt. I love to emotion you and captivate your mind, soothe your spirit and give you Me, give you peace. I am peace. Thank you for letting Me give you more of Me, more and more, and I have so much more, I am so much more.

I desire to emotion you so much more, and give you Me so much more and more, and reveal Myself to you, and reveal the depth of My beauty, My words, My cellular structures? yes, and so much more.

Have not I already said I will withhold nothing from you? I withhold nothing from you, I withhold nothing from you, Ted.

4. Can you grasp what I have said? Can you grasp? Can you grasp? Can you see Me? Can you see the depth of what I have opened unto you and to those who will walk in My New Covenant? Shall I restrain them? Shall I hold them back? No! No! Pulling them to Me, propelling them to press into Me so that freedom I can be. So that I can be all of who I am freely, freely, freely, unconstrained, confirming them and who they are, calling them into the destiny, the potential that I have designed into their fabric, some so close and some so far away.

Some so far from what I have designed for them. Some so far from what brings them joy and sets them free—wearing their mantle that I have mantle-ized—that I have set free and that operates in accordance with the gifts and the mantle.

5. I love you and I operationalize Me now and all who want Me; all who will eat My bread and drink My wine, the cup of My suffering, the cup of My trials, the cup of My victories, the cup of knowing Me intimately, ingesting Me at My table, understanding the fullness of My New Covenant more, more, more, more, more and so much more.

6. I raise My leadership today of the new generation of leaders. I arise. Many are dead who sought Me, Me. Many have come and gone. Many are with Me, many are not, but I am and I come and I call and I arise a new generation unto Me now.

7. I call you forth, I call you forth out of your apathy, your eyes closed not realizing what's happening all around you. I call you forth. I call you forth out of the lethargic state of ignorance and apathy, compounded to paralyze, delay and divert, and pervert that which is so clear before you: your own design.

Is your design far away? Is your design far away, have I kept it from you intentionally? No, your design is so close, your design is in you and can be freed only in Me.

8. I have said, I have stated, I have spoken, I have come, I have called, I have elicited, I have solicited, I have asked, I have begged: come to Me and let Me be Me in you so that I can let you be truly you, so that you will realize what life in Me is all about—an abundant life experience in my global set of experiences, value systems, delivery systems, and creative systems to create continuously—river be, river be, river be, river Me and see what I do with you, see what I do with your mantle, see what I do with your words, especially the words that are your words that are My words.

9. I come and I call and I create cylindrical photons of only Me—wait and see, wait and see. Watch Me. Receive Me. Open to Me. Let Me say what I want to say—the syllables I want to join, conjoin, put together, separate, and modify into what I want to say.

Logic Me not out of your words. Do you think all My writers of the past understood everything they wrote? Come now.

10. I love you and I give you Me. See Me. Hear Me. Feel Me. Become Me and let Me be Me.

11. Thank you for letting Me be Me this week. Thank you for being sensitive to Me, taking Me into your world so that I take you into My world, taking them into your world so that I can take them into My world. I love you. I bless you.

12. Concrete of Me, piers rising out of the ground, acreage crying holy, holy, holy is the Lord. I Am. I come. Land comes. Endowment comes, and no lack lives there. I've told you many of these things.

13. I come and I call and I confirm and I speak multiple times, so many times. I reiterate, I reemphasize, I restate, hoping, praying, submitting before you My words to open your eyes fully, fully to Me and what I am doing, and who I am arising as the leadership of My New Covenant.

14. Guts for Me, breath of Me. Breathe Me, ingest Me, fuel of Me, fueled by Me. I love you.

15. Thank you for setting the stallions free. Leadership of leadership arises at your elbow, comes now, calls you, desires to help. Set them free—freedom, freedom to reign in their reign-ship, powered by only Me.

16. Seasons of change, much stability. Seasons of change, much stability throughout seasons of change.

17. Me reincarnate, Me reincarnate in My creation, My creation becoming Me fully, letting Me be seen by those who love Me, unreservedly, by those who walk around them knowing My love because it is reflected, it is reflected in every transaction and every motive.

18. I call this day for a higher standard, a higher ethic, a call to excellence, a call to ethical standards that the world has not known: I call for motives pure in every transaction, and I call for repentance when omitted, when wrong—I right the humble, the meek, those that I can take with Me.

19. I have many in gutters, gutters real, who walk in halls of power can, if believed in, and operated with, in My design.

20. I set many free today, and I set the powerful free to empower the powerful—many in gutters in despair, destitute of heart, spirit, and emotion—powerful people waiting to be empowered by Me, through My body, through My body operating as My body in the value system, in My value system, in Me. Not a value system adopted, a value system operating as Me, Me operating through My people, My people being Me, fully Me, fully Me. I love you. I love you. I love you. I love you and I give you Me.

21. You are the message, you are the message, and the message that you are is greater than the message that you proclaim, because when you are one message and you proclaim a different message, the gap is perceived and conflagration of emotions ensue of followers, of leaders, who want to believe and embrace, and yet can reconcile not the gap. Do, and be one. I love you.

22. Call forth, **call forth My anointed and embrace today, even in gutters, and arise them, putting a ring on their finger and sandals on their feet, and robes of grace and glory, and arise them to the positions of respect and honor and leadership to which I have called them. Let them bleed no more**. Guts, guts, you have guts. Thank you for having guts to embrace My destitute, My bleeding. Guts. Thank you.

23. I love you and I bow before you, and I know it's hard for some to comprehend, but the way you come and bow low before Me and cry and weep and seek Me and seek My release in My people, My heart responds and I come and I bow and I bow low too. My people must grasp this. I bow because you have bowed. I love you. I love you.

24. I queen-ize My queens now, and **I arise My leadership from gutters and dirt floors and those with no apparent means to change circumstance one, but hearts of gold, now come forth arrayed in fine linen, served on the finest, the finest china, the finest dishes, the finest delicacies that exist: true truth, everlasting truth, circumstance-rending truth, truth that heals and empowers and sets free the Spirit of God in man.** I love you.

25. Call forth the bread and wine to all, as you bread and wine My body this week, and the weeks to come, which are many. I love you. Out of the ground that arises, many arise, many arise and **come forward now to partake at My table, becoming priests before Me, walking in the priesthood of all believers, walking in the priesthood of all, that I have given to all who will walk there.** I love you.

26. I give you Me. I reserve nothing—hurt Me, beat Me, try to destroy Me, delay Me, pervert My words; or embrace Me tenderly, looking straight into My eyes with joy and glory and laughter and empowerment, sparkling, giving Me your all, touching My hair, embracing Me, dancing with Me, being tender with Me, involving Me in all that you do, all that you are, all of your experiences and feelings. I love you. These things you can do, all, and so much more. The choice is yours. I give you Me. I love you. Arise. Arise. Arise.

27. Change comes, your stability is in Me—you know that well and you are putting their hand in Mine. Thank you. My words come. My words come more, more and more prolifically. Be ready. Healing comes. Healing comes through My body. Healing comes through My priests anointed for My service all—My priests recognizing Me the Healer. I thank you.

Now I foretell and give clue to the cataclysmic events about to happen that will show forth Me ultimately, and break open many hearts to Me and the paradigm that gives way to the paradigm of truth, Me.

I love you and I bless you. I yield to your desires so much more than you know. Desire Me more and involve Me more and let Me be more for you. Let Me do more for you as you become Me more. Me-ship My body. Thank you.

One. One-ship, one-ship arising from leadership, meeker-shipped into one-ship becoming Me-ship.

Thank you.
Amen.
